

My Christmas Adventure

One snowy Christmas day I got out of my bed and went over to my curtains to see what was outside. I saw lots of snow covering my garden. Then I went downstairs and saw my family eating a healthy breakfast. Lily jumped up at me and licked me. I said "Come on, everyone, let's go and play out in the snow!"

My Auntie Jane said "Do you want to give Lily the dog a walk?"

"Yes please", I said in excitement so I had my breakfast and gave Lily hers. Then we put Lily's lead on her and opened the door. I held tight onto Lily's lead so that she did not run away. We walked Lily to the fun park, but it was a park that had a sign that said a dog could come in.

We took Lily in the park, but there was a tunnel and I found the tunnel. I said to Auntie Jane "Look!"

We walked over to the tunnel and very nervously, Lily moaned because she did not want to go any closer. It was very slimy. I saw Legoland at the other side. We went into the tunnel. It was squelchy and damp. Uncle Paul, Mum, Dad, Henry, Nanny and Grandad were wondering where we were. They put their hat, scarf and gloves and opened the door. Then they went to look for us.

They found the fun park that we went to. They heard Lily's bark and found that we were in the tunnel. They all went after us. My mum said "You were brave". "Come on, let's see what is at the other side" said my brother Henry. "Okay" said my mum. My dad said "Is that Legoland?"

"I don't know" I said "but I think Lily likes it because she is pulling me. "Well" said my Auntie Jane, "let's go." "Lily sounds very excited" said my Nan.

Soon we got to the end of the tunnel. It was Legoland! First we had a snack. Lily had a very big drink and my brother Henry and I gave her a treat. We threw a ball, but Lily did not want to come back when I threw it for her. We went to one of the people who worked at Legoland. "Have you seen a black Labrador?"

"Yes", he said, "she is here. She fell asleep when she found this ball. Is her name Lily?" I said "Yes, it is called Lily but is it the same numbers as these ones?" "Yes."

"Thank you for finding my dog Lily". "You're welcome" said the man. We went home after that busy day.

Indiana Jones in Legoland

One hot Summer's day, Indiana Jones was at home eating his healthy breakfast. Then Tom came down for breakfast and asked 'What's for breakfast?' Indiana said 'Weetabix?' 'Mmmm! My favourite!' He ate it all up. 'Wow you were hungry!' Indiana said.

After that they sat in the car to go to Legoland. 'Are we there yet?' asked Tom 'Let me see. We've got 15 miles and 14 minutes' said Indiana Jones. At last they were there. 'Where shall we go then, the Viking ride or Lego factory?' 'I would go to the Viking ride' 'Okay, let's go!' said Tom. Tom was excited to see Jack Sparrow, he couldn't wait. He saw him, had a picture taken with him and he got a Pirates of the Caribbean set: it was the Mountain of Youth and Tom wanted that one. 'Thank you!' said Tom. "Aha! That's okay." said Captain Jack Sparrow.

In the middle of Legoland in the Lego Kingdom, a bear was wrecking everything they were doing. But the bear was guarding a secret, it was the skull! Indiana noticed the bear, he grabbed Tom and he said 'See that bear in the cave?' 'Err yes.' 'We need to get in to get the skull.' 'How are we going to do that?' said Tom 'Well we will wait until the bear is asleep and we will go in, grab the skull and we're out of here.' 'Okay' said Tom.

They went through the tunnel that no one knew about and it led them to the cave. It took them behind the skull! Indiana Jones grabbed the skull and they ran out. They ran back to the car and drove home.

The Fun Tunnel

One snowy day, I was so excited because “one more sleep until we go to London”, I said laughing, jumping up and down. When it was bedtime, I was fast asleep in bed. The next day, I packed up all my stuff for the trip to London in the snow. We’re going to visit my auntie, who is called Auntie Det and she has a daughter called Cally. We are going to stay there for autumn, winter, summer and spring. I can’t wait to go and have all those sleepovers. There are four seasons of sleepovers at my cousin’s house and we’re going to have so much fun at their house. There’s a big tunnel where it’s very dark. I said “Carina, mum and dad, are we really going in there?” “Yes” dad said.

I spotted granny and grandad at the train station. They walked over to me and gave me a big hug. They were going to Auntie Det’s house too. They were going on the same train and they brought their iPad for me to play on. Finally our train arrived so we went in it. “It looks very dark”, I said “and creepy...”. “Yes!” Mummy said and she added on “It’s very strange.” Then we heard a big loud “Yuck”. “Who was that?” I said. “It was daddy” mum said. “What’s wrong?” “There was slime in the tunnel” he shouted. “Silly daddy” Carina said laughing. Finally we were out of the tunnel and then we arrived in

London, so we walked all the way to Auntie Det's house. It didn't rain, but when we got inside it was a storm outside. After we had supper, we went to bed and I slept in my cousin's room with her. And the storm was still going on and my cousin looked out of the window. To our amazement, we saw a dragon that could breathe out fire and he was crying. I asked "Why are you crying?" "Because I can't find anything that is smart for the dragon party." "I think I've got something that will help you" I said. "Are you sure?" said the dragon. "Yes" I replied. "Oh, thank you" said the dragon and off he went, and my cousin and I went back to bed. When it was morning, I woke up with a very happy face. When mum saw my very happy face, she said "There's a very happy smile in here".

The big Picnic

One summer's day, I woke up and it was so early that it was still dark. I saw a light that changed colours. I played with it for hours. My mum woke up "What are you doing?" "I'm playing." "Why?" "I couldn't go back to sleep. Can we get a drink, I'm thirsty." "Grandad, you said we could go to the tunnel with Lily and her mum. Lily is here". I ate breakfast with Lily. "Lily, we're here" "I see". Candyfloss for the trail. Lily is very lovely. My mum is very tall. I picked up some candyfloss, then it turned blue. I ate a piece. As I ate it, I was turning into a giant. Lily was too. I'm humongous, I'm so tall.' My Mum is so big too. I get big cuddles.

I'm so scared I'm worried that I will be stuck like this forever. 'Shall we go in the tunnel' 'Ok' 'it is so deep and gloomy too. I wonder if it leads anywhere' 'Look a ride ahead. I'm going on it. How much is it?' 'Nothing' 'Can we go on it mummy?' 'Yes go on I'll come with you in case it is abandoned.' 'Ok, yippee. I see somewhere to eat our picnic over there. There's Candy Land and our tree house we built last time we came.' I went to see the Candy Man and Lady, they are very nice. 'Do you think we will meet them again?' 'Maybe' 'What is that in the distance?' 'I don't know, maybe it is them.' 'Shall we eat here?' 'I don't know does that mean we can eat

here?' 'Yes, we can eat here' 'I wonder if we can hide from those big giants again?' They are dangerous. 'Why?' 'Look!' 'Oh no!' cried Lily 'They are coming at us again' 'oh no! Candy Man and Lady help me' 'ok' 'we are saved' said Lucy, Lily and Lucy's Mum.

'Break a piece of chocolate off the tree and put it on the floor. Then run to us' 'Ok. Lily's Mum is over there' 'ok' 'Mum can't help us we are with her friends. 'I'll go with Lily and get help, it's her mummy' 'ok' 'wake up' cried Lily 'I'm worried that she might be cross and angry with us. Run. The shrinking potion is over there. Let's quickly run to my Mum' 'ok' Lily said. 'Mum look what we found over there.' 'Together we are small again. I did like the cuddles so shall we do it again? I've got the shrinking potion and can put it on us again.
