

Love is not just for
a day. You love
people for life.

Love is showing respect for
others and imagining how
they are feeling.

Love means to be
kind to each other,
not just your
friends.

I think Love is all
around us. Love
costs nothing.

Loving is caring,
respecting and
thinking about
other people.

God made the world
for people. He loves
and protects us.

Love is taking
someone to the
office if they've
fallen over.

Love is helping everyone.
Being a good Samaritan.

Love is being
selfless.

Love is like light.
Show it to everyone
so we can all see.

Love is something
we show.

Love is a reflection.
We give it out and
get it back.
